

**TOTS CLASS
DECEMBER/JANUARY NEWSLETTER**

**We are so happy with the way that the TOTS class is going!
The children really have a great time and are learning a lot. They really pack in a great deal of activities in a short amount of time. How lucky we are to have such a great group of children!**

The themes for December will be holidays and Christmas. The themes for January will be winter, cold and hot, rough and smooth. We will be celebrating Christmas with the TOTS on Dec. 21, but we will not be having a visit from Santa as we do with the other classes. We think that a visit would be scary rather than fun for this age group. Our Christmas vacation will be from Dec. 24-Jan. 1.

At the end of January we will be sending home a mid-year evaluation. This is just a tool that we use to let you know how your child is progressing. In the spring we will use a more detailed report.

In January we will be sending home information about registration for next year. As current students you will have first choice to sign up. Give some thought to which program you need for the following year.

**Mark your calendars – Bedtime Story Night is Feb. 20 from 6:30-7:30!
We hope that you find time during this busy season to enjoy some quality family time. All of us wish you a very merry holiday season!**
