

**MEDFORD METHODIST PRE-KINDERGARTEN SCHOOL  
NOVEMBER NEWSLETTER**

**The holiday season is upon us once again. The next two months are kind of choppy because of all the holidays, but we do squeeze in a lot of learning on the days that we are here. In November we will include units about nutrition, our bodies, colors, numbers, and Thanksgiving. We learn all kinds of interesting things! As part of our Thanksgiving unit we will be introducing the children to some facts about Native Americans and Pilgrims.**

***Don't forget that the deadline for flu shots for preschool children is December 31. Please make sure to get the shot and then turn in the documentation to Mrs. Lloyd (preferably before Christmas break).***

**Don't forget the days we have off this month are the 4 and 5 for teacher convention, and the 24, 25, and 26 for Thanksgiving. The weather has been fairly mild so far, but remember that we go outside each day so warm clothing, jackets, mittens, etc. will become more important.**

**The children are lots of fun and showing growth in many ways. Continue to work with your child to practice writing the name, cutting, and any type of writing or coloring activity. Have a wonderful Thanksgiving. We count your children as a reason to give thanks!**
